EDUCATION PAPUA NEW GUINEA Achieving a better future

The importance of educating every child

All children have a right to an education

Make education the special gift for your children and give your child a great start in life. Make education the special gift.

The first three years of education takes place in Elementary school in a language your children understand and is selected by the community as the language of instruction.

After Elementary school, your children will progress into primary school which now includes Grades 7 & 8. This will give them 9 years of basic education.

Education is important for both girls and boys.

In order to build a nation that is progressive, prosperous and self reliant, we must educate every girl and boy to give them the knowledge and skills to enable them to be self reliant, to take their place in society and to contribute to nation building.

...and don't forget love, care and a dose of discipline... it all starts at home.

A secure home with loving parents and discipline gives your children direction and a sense of pride. Give your children every chance to succeed in life.

Equal chance for both girls and boys to get 9 years of basic education

Girls in Papua New Guinea have less opportunity to progress in schools, due in part to a lack of support from family, it is time to change this attitude. Parents are encouraged to support all their children to complete 9 years of basic education.

In Education, the focus of the Medium Term Development Strategy will be to support the implementation of reform aimed at achieving Universal Primary Education. Under the goal of Universal Primary Education all children will be able to complete 9 years of basic education.

Students of Brikiti Primary School, Maprik, East Sepik Province.

More information can be obtained by contacting:

- the principal or head teacher in your local school or teacher's college.
- Officers in your district education office including the district education administrator, elementary trainer and primary inspector.
- Officers in your provincial education office including the provincial education advisor, reform coordinator, planner, inservice coordinator, elementary inspectors and training coordinators, primary, secondary and vocational inspectors.

MINISTER FOR FOREIGN AFFAIRS & IMMIGRATION

MEDIA RELEASE

The Minister for Foreign Affairs and Immigration, the Rt. Hon. Sir Rabbie L. Namaliu today announced the introduction of a new category of entry permit for permanent residents.

Under the new arrangements, non-citizen residents who have resided in PNG for five years or more will be eligible to apply for permanent residence. Applicants must meet stringent criteria and be of good character. Eligibility criteria and other information can be obtained by contacting the Immigration and Citizenship Division of the Department of Foreign Affairs and Immigration.

The introduction of permanent residence in PNG puts PNG on par with other leading economies in the Asia Pacific Region and recognises the significant contribution that many long term residents have made to economic and social development as PNG.

Holders of a Permanent Residence Entry Permit will no longer be required to hold work permits issued by the Department of Labour and Employment. Once granted, permanent residence remains valid for the life of the holder. However,

as with any other entry permit, the Permanent Residence Entry Permit can be cancelled under the Migration Act, particularly where the holder commits a criminal offence or departs PNG for a period of 12 months or more without a valid reason. This maintains the capacity of the Government to ensure that the Migration Program is not abused.

Permanent residence is a significant step forward. Collectively, citizen's and non-citizen's alike, we can all contribute to the vibrant culture and enormous potential that PNG as a nation has to offer.

Rt. Hon. Sir Rabbie L. Namaliu, KCMG MP
Minister for Foreign Affairs & Immigration

PUBLIC NOTICE

PERMANENT RESIDENCE

Permanent Residence

With effect from 5 September 2005, a new entry permit to be known as the Resident (Long Term) Entry Permit will come into force. The new entry permit is available for long term non-citizen residents of PNG. The new entry permit category will be known as Permanent Residence.

Eligibility Criteria

To qualify to apply for Permanent Residence an applicant must have lived in PNG for five years or more and be:

- ▷ a person who is the majority owner of a business investment in a registered residence business for at least five years with funds and net assets in PNG totalling at least K1,000,000 as evidenced by certified documentation;
- ▷ a person who is a skilled professional in an occupation requiring tertiary level education qualifications and has worked in that professional field in PNG for at least five years;
- ▷ nationals of other Melanesian Spearhead Group countries engaged in a registered resident business in PNG for at least five years;
- ▷ a retired person over 55 years of age with access to income to sustain themselves and not be a burden on PNG community resources and who has worked in PNG for at least five years;
- ▷ the spouse of a PNG citizen where the relationship has been in place for at least five years; and
- ▷ the child aged more than 19 years of a PNG citizen in the case where the child does not have PNG citizenship.

In addition, applicants must:

- ▷ be the holder of a current valid foreign passport;
- ▷ be the holder of a current valid PNG entry permit;
- ▷ be normally resident in PNG;
- ▷ have a working knowledge of English or a PNG language;
- ▷ be of good character and good standing in the community;
- ▷ not have been convicted of an offence and sentenced by any competent court in PNG or a foreign jurisdiction to imprisonment for a period greater than three months;
- ▷ provide certified police certificates for PNG and any other country that they have resided in;
- ▷ provide documentary evidence that the applicant is in one of the classes listed above, including IPA certificate permitting a foreign enterprise to conduct business in PNG (if applicable);

- ▷ pay the required fee; and
- ▷ lodge a completed and signed Form with supporting documentation at the Immigration and Citizenship Division.

How to Apply

If you meet the above criteria and wish to apply for Permanent Residence you should submit an application form together with supporting documentation at the Immigration and Citizenship Division Office, Moale House, Waigani. Application forms are available from Moale House. Client service hours are 9am to 12pm Monday, Wednesday and Friday. Applications will take a minimum of 28 days to process.

Application Fee

The Permanent Resident Entry Permit application fee is K3000. The fees covers the primary applicant and any dependants. The fee is non-refundable. Missionaries are exempt from paying the application fee.

Validity of a Permanent Residence Entry Permit

Once granted, a Permanent Residence Entry Permit is valid for the life of the holder. A re-evidencing fee of K100 will apply each time the holder obtains a new passport. In certain circumstances a Permanent Resident Entry Permit may be cancelled, such as when the holder departs PNG for more than 12 months without sufficient reason or when the holder commits a serious criminal offence.

Work Permit Requirements

Permanent residents are exempt from the requirements of the Employment of Non-Citizens Act. A work permit is therefore not required.

Further Information

Further information on the Permanent Resident Entry Permit can be obtained from the Immigration and Citizenship Division office at Moale House, Waigani or by calling 323 1503.
