

## Letter to Mike Miller From Jim Drake

January 1966

Mike:

We are brainstorming here for some idea for a national B.S. day (boycott schenley day). What would get publicity in every city across u.s. which hasn't been tried yet?

Solodow says NYC may be shut down in the next couple days. Real struggle getting ILA help.

Four new boycott leads: (that is, something is happening finally)

Pittsburg, Detroit, Portland, Syracuse

I think we had better get a memo off soon. How about writing up what you want included and I will add to it and mail it out.

Vivaz.

Jim
