

photo Bob Fitch - Black Star

Coretta King supports our cause. The world is being torn apart by senseless and sterile brutality but she knows that we're committed to non-violence in the tradition of Rev. Martin Luther King, Jr. and Gandhi. We're convinced that we will win justice in the fields and vineyards, but not with violence.

Religious leaders of many faiths have helped us. When Rabbi Norman Hirsch came to Coachella to support us, he said "... love must take the shape of justice in the affairs of society."
