

Bob Fitch - Black Star

UFW education center

The future?

January begins a new year of work and hope. Time is on our side in the grower/farmworker struggle, so we plan in long range terms. We have many people working on our education center at UFW headquarters in California. Teachers, carpenters, librarians, tile setters, artists and landscape architects have volunteered their help. Farm worker crews also volunteer on weekends to do specific jobs.

We will face many problems, but we will continue to grow. Our union is here to stay.
