

Dear

You're invited to a West Island support meeting for the United Farmworkers on Thursday, August 7, 1975, at the P.A.P.T., 245 Hymus Blvd., Pointe Claire at 8 PM. See the film "Why We Boycott", learn the latest boycott news, and participate in discussion and songs.

It's a time of great opportunity for the farmworkers. Cesar Chavez, UFW president embarked July 1st on an 800 mile march throughout the state of California to promote secret ballot union elections which will begin in September.

Here in Montreal we are promoting a boycott of Dominion stores and solidifying our commitments with 1,200 other Quebec stores through store checks and leafleting.

Come to the support meeting and bring a friend. If you have questions, call me at 525-3936.

Si Se Peude!

Would you print this notice in your church
bulletin or announce it in the service? Thank
you.
