*Tomorrow, for our children
Looks bleak and hard and cold.
Small Backs bent beneath the sun.
At Twelve, they're half-way old.*

*They work the land one million strong.
They need a future too.
Tomorrow, For our children
It could be up to you.*

During the Christmas Season
Let us reflect on the lives of children
still working in the fields.

Help end child labor.
Support the
United Farm Workers Union.
