Summer's coming. Time to sit back and relax with a bottle of your favorite wine.

We hope it's not Gallo wine, though. Because Gallo rips off its workers. The nation's farmworkers built a union to fight for their rights, but Gallo is trying to destroy that union. You can help stop them.

Don't stop drinking wine, but please don't drink Gallo wine. There are plenty of good, inexpensive union wines to choose from — Almaden, Christian Brothers and more.

Try some of them this summer. You'll feel a lot better.
