Behrman, Daniel 1924-1990

Daniel Behrman Papers, 1957-1991

BULK DATES: 1980-1983

PHYSICAL DESCRIPTION: 5 record center cartons

DESCRIPTION: The accession consists of correspondence, manuscripts, audio recordings of interviews and seminars, scientific articles, newspaper clippings, and other printed material documenting the work of author Daniel Behrman. This accession does not constitute the entire working files of Mr. Behrman, but largely documents his work on two books, a history of the Foundation for Ocean Research, and a biography of John Dove Isaacs. The accession includes audio tape recordings of a series of interviews conducted by Daniel Behrman before 1980 on the history of oceanography and the contributions of John Dove Isaacs. Interviewees include Willard Bascom, Mary Carol Isaacs, Hans Suess and Allyn Vine.
