Douglas Lamar Inman Papers, 1940-2007

Physical Description: 56 mss

Description: The accession includes field notes, laboratory notebooks, travel files, meeting notes and lecture notes by marine geologist Douglas Lamar Inman. Field notes include notes taken on expedition and field trips, as well as notes taken on field work in the Southern California region. The accession also includes a series of files on manuscripts of scientific papers which include data, measurements and other background information recorded for use in the manuscripts. These files do not include figures created for scientific papers; figures are kept in Inman's photographic files.
