Inman, Douglas Lamar 1920-

Douglas Lamar Inman Papers, 1952-1986

PHYSICAL DESCRIPTION: 5 mss

DESCRIPTION: The accession includes subject files, including files on the artificial Scripps Island, Academic Senate and administrative committees. Includes Office of Naval Research progress reports dated 1952 to 1978.

Collection includes 16mm film "The Beach: A River of Sand." Inman was the technical director of this film describing coastal processes including sand transport. The film was produced by Encyclopedia Britannica Films, Inc. in collaboration with the American Geological Institute. The original label of the film identifies it as "An EBE Sound film" and "AGI EBE Earth Science Series No. 2369." The film was distributed by Britannica Educational Corporation of Chicago, Illinois.
