Ralph Arnold Lewin Papers, 1952-2004

Physical Description: 23 1/2 mss, 1 shoe box

Description: These papers of psychologist Ralph Arnold Lewin consist of four series. The first and largest series is subject files dated 1952-2004. This series includes research notes and correspondence, publications, files about grants, and UCSD/SIO committee and other files including Lewin's Bio-Bibliography file. The material in this series is poorly arranged. The accession includes a box of Lewin's address index card file. The third series consists of notebooks with photographs and slides of *Prochloron* and *Lissoclinum patella*. Finally there are two notebooks labeled *Prochloron* Articles that include correspondence about publications. Also included is a copy of a guest log from Lewin's home.
