Scripps Institution of Oceanography. Marine Physical Laboratory

SIO Marine Physical Laboratory Records, 1963-1976

Physical Description: 1 half size mss, 2 oversize items

Description: The accession includes 13 folders of files related to the research of Victor Vacquier. There are several folders of photographs and two oversize drawings of the fluxgate deep sea magnetometer and its deployment 1963-1965. There is a Meteorite Survey logbook kept by Gordon Miller in August 1967. There is a file of correspondence generated and received by Victor Vacquier related to the Southeast Asia program, a part of the International Decade of Ocean Exploration (IDOE). This file includes correspondence, expedition planning documents, and program plans for a proposal.

The Marine Physical Laboratory was established in 1946 as a successor of the University of California, Division of War Research (UCDWR).

Geophysics History; Geomagnetism; Submarine geology; Vacquier, Victor
