University of California Office of the President Academic Personnel [SIO Faculty] Files, 1913-1984

Physical Description: 3 mss

Arrangement of Collection: alphabetical

Description: The accession consists of personnel files of faculty of the Scripps Institution of Oceanography to document personnel actions requiring authorization from the University of California Office of the President. The files include material dated 1913-1984. The files are arranged in alphabetical order by name.

Files on some individuals are fulsome, while other files contain only a few sheets of paper. Older files include the official University of California Biography form and annual supplements to the Bio-Bibliography, a record of rank and salary, an index to regental records or copies of minutes of specific regental meeting during which the recommended action was discussed, correspondence, newspaper clippings and occasionally letters of congratulation or condolence. Records dated after 1960 usually consist of a few items of correspondence, often letters of congratulations upon receipt of an honor, and recommendations for over-scale salary or some other unusual action.

Restrictions: Personnel records are restricted in accordance with state and federal statutes.
